# Leveraging Your Global Compliance Strategy in Saudi Arabia

Brian Daleiden  
Vice President of Industry Marketing

*Regulatory update: The Saudi government has notified registered users of the government's drug track and trace system (RSD) that the deadline for aggregation of medicines is now August 20, 2020.*

TraceLink Vice President of Industry Marketing Brian Daleiden discusses the advantages of having a global approach to compliance—and how Saudi Arabia can fit into your strategy.

As the leading provider of track and trace solutions for the pharmaceutical industry, TraceLink's proven compliance platform and integrated digital supply network provide a purpose-built foundation for meeting Saudi regulations and give companies a significant advantage over implementing a customized solution.

## Serialized Supply Chain

TraceLink's serialization program assessment continues to reveal that pharmaceutical manufacturers of every size want greater visibility into their serialized operations. They want the ability to answer critical business questions using serialization data. They want to replace manual processes with proactive monitoring tools to help them control costs and reduce risk. And they want self-service analytics that let them scale operations as their businesses grow. How do your goals align with these industry benchmarks?
