# Automating Validation with Every Release

Lisa Reinhold  
VP Global Customer and Network Success

As new regulations and standards require more frequent updates, the demands of validation are compounded. Watch these two-minute videos to find out how automated validation provides a complete set of documents and replaces the burden of manual, paper-based processes so you can get back to focusing on quality.

**Video Automated Validation Manager Global Track & Trace Regulatory/Compliance Brazil, China, United States, European Union, Russia**
