What is a "Proven" Serialization Solution?

With only 19 months until the first DSCSA serialization deadline - the European Union and other country deadlines right behind that - the importance of selecting a proven serialization solution has never been greater. In this two-minute video, hear how to determine if a system has truly been tested or not, and what the consequences of going with an unproven solution might be.

Video **Serial Number Manager** **Global Track & Trace** **Serialization** **Brazil, China, United States**
