Return Authorization Response (X12)

Return authorization responses allows suppliers to issue messages after processing return authorization requests from buyers. Suppliers send the approval or rejection status of the return request, along with return information such as the return authorization number, return address, and shipping label, to the buyer's system.

💡 Contact your TraceLink Services representative for more information about integrating with this message.

- **Message Type**: MPC_RETURN_AUTHORIZATION_RESPONSE
- **X12 Format**: 180
- **Transform Names**:
    ◦ B2B_EDI_X12_180_ReturnAuthorizationResponse_IB_V1
- **Direction**: Inbound to TraceLink
