Revisions

Date	Revision	Description
13 Jun 2024	01	Initial version.

Date	Revision	Description
20 Jun 2024	02	The following updates have been made since the previous revision was distributed: <ul style="list-style-type: none">• 0 issues are added to Resolved issues.• 0 issues are added to Known issues.

UI Features

The following new or updated functionality will be included in this release.

Select Multiple Business Types for a Company or Company Location

This feature allows IT system administrators to add multiple Business Types to indicate the types of business that a or conducts (e.g. the company distributes pharmaceuticals as a Distributor, the company location packages products as a Packager). Business types can be added when editing company master data or adding or editing company location master data. Prior to this release, it was only possible to add a single Business Type for a company or add or edit a single Business Type for a company location.
