LogiPharma EU

Centre de Congrès de Lyon, France
Duration: Apr 08, 2025 - Apr 10, 2025

LogiPharma EU is the largest global meeting place of leaders from the life sciences and healthcare industry to build strategies for the pharma and med tech supply chain.

Meet TraceLink at LogiPharma EU

Schedule a meeting with TraceLink at LogiPharma EU to see why a digital network platform is critical for orchestrating end-to-end supply chains and delivering the visibility needed to improve operational efficiency and inventory management. Discover how TraceLink can help you:

- Orchestrate critical supply chain relationships in external manufacturing, logistics, direct material supply, and more from a single digital network platform.
- Digitalise shared business processes and integrate all network partners to improve timely data exchange across order-to-cash, procure-to-pay, and other processes.
- Fuel reporting, analytics, machine learning, and AI initiatives with real-time insights from across your end-to-end supply chain.

Book your meeting today and see why more than 1,600 life sciences and healthcare companies trust TraceLink to be their supply chain's engine for intelligent orchestration.
